

BLACK HILLS ONLINE

LEARNING COMMUNITY

Get Started with Online Education

Do you have a student you think would be a good fit for BHOLC's program? **Follow these steps to enroll.**

Application: Send the families of students who are enrolling full-time to BHOLC.org to complete the registration form.

Approval: The family receives a BHOLC Learning Agreement via email and brings it to the school for approval

Registration: The school enters the courses into SDCVE. BHOLC opens the courses and notifies the student.

Support: BHOLC and the district work together to monitor the student's progress and provide support. Family engagement is encouraged for student success.

BHOLC is a service offered to South Dakota school districts. This innovative education model provides K-12 students a quality and engaging education while they remain enrolled in your district.

The curriculum is aligned with South Dakota Content Standards and monitored by certified BHOLC Learning Facilitators. BHOLC is an approved provider of the South Dakota Center for Virtual Education.

Students can achieve their academic goals whether they need extra time, intellectual challenges, or support for unique lifestyle requirements. Our credit recovery courses help students get back on track.

Contact us if you have questions.
