

FAMILY ENGAGEMENT LEADERSHIP TEAMS

Family Engagement

Family Engagement Leadership Teams involves including administrators, staff, and families as true **partners from the foundation**. These teams will create sustainable systems of change that help schools and districts effectively **involve families and community members** in **student success**. The process is guided by a team of experts who help develop customized engagement plans.

What is the goal?

- Build sustainable practices for family engagement
- Convene leadership teams that include diverse stakeholders
- Create Family Engagement Plans that address the needs of students, educators, and families

What are the benefits?

- Create and strengthen relationships between schools, families, and communities
- Promotes student success through collaborative efforts
- Helps schools develop tailored engagement strategies that fit their specific needs

Your Leadership Team might include:

**School
Administrators**

**Family
Members**

**Community &
Tribal Leaders**

Educators

Students
