

SCIENCE OF READING

Literacy Backpacks

Built to support what students are learning in the classroom while providing flexible, easy-to-use activities that work for every family.

Each Backpack Includes:

✓ Family Engagement Activity Guide

Strategies to support families in building everyday literacy practices.

✓ Hands-on Manipulatives

Includes everything needed to foster exploration & active learning at home.

✓ Games

Interactive literacy games encourage families to build literacy skills in a fun & engaging way.

✓ Resources

Adaptable extension resources and ideas inspire families to continue learning at home.

✓ Writing Practice

Prompts, templates, and a journal help children develop fine motor skills and connect writing to reading.

Aligned with the Science of Reading and SD Literacy Framework
